

August 9, 2018

The August 9, 2018 workshop meeting of the Mansfield Township Environmental Commission was called to order by Chair Paul Tarlowe at 7:30 p.m., held in accordance with the Open Public Meetings Act of 1976. Present were Paul Tarlowe, Robert Jewell and Ruth Pante; Dawn Smith was excused.

Mr. Tarlowe reported a conversation with JoAnn Fascenelli about vehicles idling unnecessarily; Ms. Fascenelli said restricting this could not be easily enforced in Mansfield. The school newsletter, the town website, a Google alert and facebook will be used to share updates about excessive idling and will include the neighborhood alert.

Mr. Jewell reported a Land Use Board discussion of the water line going to Mansfield Meadows and the sycamore trees that will all have to be removed. The trees are in line with the water main and in the state right of way.

Received in the mail was an application for a River Road septic repair; no environmental issues were found.

Meeting adjourned at 7:50 p.m.

Respectfully submitted,
Ruth A. Pante

PLEASE NOTE:

**The September 13, 2018 meeting of the
Environmental Commission has been cancelled.
The next meeting date is October 11, 2018.**
